🔢 DATA FOR *PROGRESS*

From July 26 to 29, 2024, Data for Progress conducted a survey of 1,158 U.S. likely voters in Arizona, Georgia, Nevada, Michigan, Pennsylvania, and Wisconsin using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and 2020 recalled vote. The survey was conducted in English. The margin of error associated with the sample size is ±3 percentage points. Results for subgroups of the sample are subject to increased margins of error. Partisanship reflected in tabulations is based on self-identified party affiliation, not partisan registration. For more information please visit dataforprogress.org/our-methodology.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=1,158 unless otherwise specified.

[1] If the November 2024 election for U.S. president was being held tomorrow, and these were the candidates, who would you vote for?

[29] The federal minimum wage is currently $7.25 per hour.

What is the **maximum** amount you would support increasing the Federal minimum wage to, if at all?:

[73] Would you be more or less likely to vote for a candidate for office who **supports** all of the policies below:

- Expanding Social Security benefits by making the wealthy pay the same tax rate as the working class
- Expanding Medicare to cover dental, vision and hearing
- Reestablishing the Child Tax Credit, which expired in 2022, that provided most parents up to $300 per month for each child
- Raise the minimum wage to $17 dollars an hour
- Passing the PRO Act, which would make it easier for Americans to join unions
- Establishing a Medicare for All Single Payer Healthcare System guaranteeing healthcare to all America
- Eliminating all medical debt Cap the amount of money families spend on childcare at 7% of their income
- Build at least 2 million units of affordable housing Institute a cap on rent increases
- Cut the cost of prescription drugs in half by making sure that Americans pay no more than what they pay in Europe or Canada
- Make public colleges and universities tuition-free
- Make the wealthy and large corporations pay their fair share of taxes
- Cut military spending
